[00:37:46] 11@eternal : heh
[00:37:50] 11@eternal : i don't use IRC much
[00:37:58] 11@eternal : just for this channel and a private IRC server that

[00:38:01] 11@eternal : warez trends.
[00:38:25] 11@scott8521 : you hacker you
[00:38:33] 11@eternal : yea omg i'm so 1337z0r!1envyme!1shiftone!1!
[00:39:09] 11@neeksor : indeed
[00:39:56] 11@eternal : fan de suger ju =( (såg att du va svensk)
[00:39:57] 11@eternal : k.. du har ingen ftp eller nåt jag ska ta den direkt från
dig? jag har 10mbit så det kommer ju gå på mindre än 10 minuter...
[00:39:59] 11@eternal : anyone know what that says?
[00:40:12] 11@eternal : gaah blir ju knäpp.. frågan var:
[00:40:12] 11@eternal : Du har ingen ftp eller nåt så jag kan ta den direkt från
dig?
[00:40:13] 11@eternal : and that lol
[00:40:22] 11@neeksor : neet.
[00:40:29] 11@neeksor : he's talking about 10mbit server and how it sux
[00:40:34] 11@eternal : they're PM's heh
[00:40:36] 11@neeksor : and how swedish people love lutefisk and hard cock
[00:40:42] 11@eternal : well i guess it's my own fault
[00:40:45] 11@eternal : for setting my country to sweden
[00:40:48] 11@eternal : because i think their flag kicks ass
[00:40:55] 11@neeksor : yeah
[00:40:58] 11@neeksor : i set mine to scotland
[00:41:04] 11@scott8521 : i did the same, but with canada
[00:41:06] 11@neeksor : cause when it was USA , ppl sent all kinds of stupid PM
[00:41:08] 11@scott8521 : but i'm in the US
[00:41:22] 11@neeksor : asking where i was , how much i paid for the connection
[00:41:34] 11@eternal : so uh does anyone know what that says?
[00:41:39] 11@scott8521 : just turn your head to the left and just nod your head
and attempt to respond
[00:41:42] 11@neeksor : lol, eternal.. he was asking you to seed for a few
minutes i think
[00:42:00] 11@scott8521 : not just a few minutes
[00:42:03] 11@scott8521 : 10 minutes!
[00:42:03] 11@neeksor : or maybe he was asking for ftp access to leech something
for you?
[00:42:07] 11@neeksor : er from you
[00:42:18] 11@eternal : maybe
[00:42:21] 11@eternal : that's how i read it
[00:42:23] 11@eternal : but i wasn't sure
[00:42:29] 11@scott8521 : i need to uncap my modem again :/
[00:42:33] 11@scott8521 : i don't wanna
[00:42:37] 11@eternal : heh
[00:43:11] 11@scott8521 : my isp called me and said i was uploading too fast, so
they came and put in a new "unhackable" modem
[00:43:20] 11@scott8521 : that can be 'hacked' already
[00:43:20] 11@eternal : lol
[00:43:30] 11@eternal : they'll terminate you if you keep it up --
[00:43:34] 11@scott8521 : the motorola sb5100
[00:43:35] 11@UGLArmy : lol
[00:43:36] 11@eternal : i wouldn't oush your luck lol
[00:43:39] 11@eternal : push
[00:43:45] 11@UGLArmy : oush ?
[00:43:46] 11@scott8521 : my father is best friends with the owner, i'll take my
chance :)
[00:43:48] 11@eternal : hah
[00:43:56] 11@UGLArmy : what is that german
[00:44:01] 11@eternal : swedish i think
[00:44:02] 11@scott8521 : they grew up together
[00:44:05] 11@scott8521 : or jewman
[00:44:09] 11@eternal : because I set my flag to sweden since their flag kicks

```

[00:44:22] 11@ethernal : plus i knew this dude that was from sweden that was really cool.

[00:44:23] 11@UGLArmy : lol

[00:44:24] 11@scott8521 : easiest one to draw anyways :/

[00:44:27] 11@ethernal : so i was all like "dude i wanna be in sweden"

[00:44:32] 11@ethernal : scott8521: hah

[00:45:03] 11@scott8521 : in 5th grade or so you draw your countries flag

[00:45:11] 11@scott8521 : i feel sorry for the canadians

[00:45:18] 11@scott8521 : and other crazy flagged countries

[00:45:26] 11@ethernal : ok.. my question was : u dont have a ftp-server that i can d/l jonny zero? since i have 10mbit conneciton (and i thought u were swedish) it shouldnt take more than 5-10 minutes...

[00:45:26] 11@ethernal : now i dont know where youre from, but the d/l time shouldnt differ that much since youre an uploade

[00:45:28] 11@ethernal : lol yea you were right

[00:45:39] 11@neeksor : ehe

[00:45:40] 11@scott8521 : lol

[00:45:42] 11@neeksor : cool.

[00:45:46] 11@neeksor : i have johnny zero on ftp

[00:45:49] 11@ethernal : since he's from sweden maybe i'll hook him up

[00:45:53] 11@scott8521 : almost everyone at the site can speak english

[00:45:53] 11@ethernal : because swedish people kick ass.

[00:49:01] 11@scott8521 : haha
[00:49:08] 11@neeksor : dsl modems are limited at the redback
[00:49:11] 11@neeksor : or whatever the fuck it's called
[00:49:14] 11@scott8521 : only in like 4 cities in the us
[00:49:22] 11@scott8521 : have cableamerica
[00:49:26] 11@neeksor : what modem do you have scott8521
[00:49:31] 11@UGLArmy : so its not possible :/
[00:49:34] 11@scott8521 : sb4200, and a sb5100
[00:49:37] 11@UGLArmy : :( .....
[00:49:38] 11@neeksor : cool
[00:49:44] 11@neeksor : they are probably retarded and left snmp enabled
[00:49:50] 11@scott8521 : 4200's can be hacked "easily" and 5100's take work
[00:49:53] 11@neeksor : so you could walk , find out the dhcp server info to
download the config file
[00:50:01] 11@scott8521 : exactly
[00:50:03] 11@neeksor : and some other shit
[00:50:06] 11@scott8521 : or you can buy "prehacked" modems
[00:50:13] 11@neeksor : yeah, no thanks.
[00:50:18] 11@neeksor : i'd rather pay my 50$ for 6mbit :\
[00:50:19] 11@scott8521 : for about the retail price of them
[00:50:38] 11@scott8521 : i uncapped my 4200, they found out, got pissed
[00:50:40] 11@scott8521 : working on the 5100
[00:50:43] 11@neeksor : yeah
[00:50:46] 11@neeksor : what's the fun in that
[00:50:50] 11@scott8521 : my bro bought a pre-flashed one
[00:50:52] 11@neeksor : soon they'll just disconnect you
[00:50:59] 11@neeksor : and put a tag on your line
[00:51:01] 11@scott8521 : the thing is...
[00:51:02] 11@neeksor : hehe and some filters
[00:51:11] 11@scott8521 : the 5100 with the new firmware you flash in
[00:51:12] 7@ethernal shrugs
[00:51:13] 11@neeksor : my pops used to steal hbo/playboy
[00:51:17] 11@scott8521 : which is private (you buy it)
[00:51:17] 11@neeksor : the put like 5 filters on our line
[00:51:26] 11@scott8521 : can make a new mac address, and get around paying
[00:51:30] 11@neeksor : yeah
[00:51:30] 11@ethernal : comcast doesn't give a shit about me downloading 500 GB a
month because I use virtually no upload (other than the TCP/IP overhead anyway)
[00:51:32] 11@neeksor : that's called theft
[00:51:37] 11@scott8521 : oh really?
[00:51:38] 11@scott8521 : i didn't know
[00:51:40] 11@scott8521 : :P
[00:51:43] 11@neeksor : if you really piss them off, they can go after you
[00:51:46] 11@neeksor : and you can go to jail and get fined
[00:51:52] 11@neeksor : all because you're a fucktard that wanted to save 50$/mo
[00:51:52] 11@scott8521 : it's called theft the second you uncap your modem
[00:51:53] 11@neeksor : lol
[00:52:26] 11@UGLArmy : lol
[00:52:29] 11@scott8521 : tell me when you up numb3rs, i'm going to go play with
something
[00:52:35] 11@scott8521 : solataire maybe
[00:53:34] 11@ethernal : scott8521: you really want it? i can send it to you now
if you want
[00:53:58] 11@scott8521 : no point, i can't seed it
[00:54:09] 11@scott8521 : uncapped modem, with no server at the moment
[00:54:13] 11@ethernal : lol I thought maybe like watch it but that's okay :P
